SUSQUEHANNA ART MUSEUM

VanGo!
2005-2006

Imagine our world without color. Without lights & darks, hues & pigments, or shadows & highlights. Color can change our mood and enhance our appearance. It's an integral part of our everyday lives, and often goes unnoticed.

This exhibition of original paintings, photographs, sculptures, and more includes artists whose work emphasizes color over content. It addresses Pennsylvania's Academic Standards of Science (3.4) Physical Science, and Visual Arts (9.1) Production & Elements of Art.
